

Congratulations to Dr.S.Suriyanarayanan, on publishing his new book on the Advances in Environmental Monitoring and Assessment

Congratulations to Dr.S.Suriyanarayanan, Deputy Director Research, Vinayaka Mission's Research Foundation (Deemed to be University), on his recently published book entitled "Advances in Environmental Monitoring and Assessment".

The book is published by Intechopen, London, United Kingdom. This book will enhance the skills of environmental scientists, researchers and decision makers and contribute to the exchange of best practices for developing and implementing optimum methods of analysis.

VMRF(DU) is particularly proud of Dr.Suriyanarayanan achievement and wishes him to continue his research activities and make further contribution to nourish our University culture in research excellence.
